Annualità 2016

PELLE EHN *PROFESSOR EMERITUS AT THE SCHOOL OF ARTS AND COMMUNICATION, MALMÖ UNIVERSITY, SWEDEN*

He has for more than forty years been involved inthe research field of collaborative and participatory design and in bridging design and information technology. Research projects include DEMOS from the seventies on information technology and work place democracy, UTOPIA from the eighties on user participation and skill based design, ATELIER from turn of the century on architecture and technology forcreative environments, and during the last decade Malmö Living Labs, an open environment for democratic design experiments. His often collaborative publications include Emancipation and the Design of Information Systems (1974), Computers and Democracy (1987), Work-Oriented Design of Computer Artifacts (1988), Manifesto for a Digital Bauhaus (1998), Design Things (2011), Making Futures (2014) and "Democratic Design Experiments" (2015).
